

# PEACE TREATY WITH GERMANY EFFECTIVE ON DECEMBER FIRST

## Senate Failure to Ratify Will Not Delay Date of "Peace."

By Associated Press Leased Wire  
Paris, Nov. 21.—The Supreme Council today agreed upon December first as the date when the German peace treaty will be formally ratified.  
Further informal discussions have been held with the German representatives now here in connection with the notification by the allies that a protocol must be signed by Germany guaranteeing fulfillment of the armistice conditions. As yet the Germans have not stated whether they will sign the document.  
The American delegation is still without instructions as to its participation in the peace conference following the failure of the senate to ratify the treaty but Henry White attended the meeting of the Supreme Council today as representative of the United States. Under Secretary Bolk being absent in London, and the entire delegation is continuing its work in the belief that a compromise ratification resolution will be agreed to in the United States senate.  
This view is apparently shared by most of the members of the council, who are anxious for the continuance of the United States in the deliberations of the peace-making body. The council, however, is working out plans so that the enforcement of the treaty will not be hindered if the United States fails to ratify the treaty later.  
Jules Cambon, of the French delegation presided over the council's session in the absence of Foreign Minister Pichon. The next meeting will be held on Monday.

## POWERS TO PROCEED.

By Associated Press Leased Wire  
London, Eng., Nov. 21.—"The inability of the United States representatives at Paris to deposit President Wilson's ratification of the German treaty at the same time those of other powers are filed, will not prevent the remaining allied and associated powers from proceeding to carry the treaty into effect," said Andrew Bonar Law, government leader in the house of commons today.  
In answer to a question from Sir Donald MacLean, Mr. Bonar Law said: "Without doubt there will be no slackening in the determination of Great Britain to do all in her power to take the lead in seeing that the League of Nations becomes an effective instrument of human progress. I think it would be a mistake to assume that all possibility of help from the United States is gone."  
Referring to the possibility of an alteration in the date of formal ratification of the treaty (which has been tentatively fixed for December 1) Mr. Bonar Law said:

"That must depend upon whether there is a possibility of a change in the views of the senate at its meeting in December."  
Asked whether the action of the United States would affect the Anglo-French-American treaty, he said:  
"Our undertaking in that treaty, which so far has been unratified by the United States, was contingent upon its also being carried by the United States. Another situation might create a new condition of affairs."

By Associated Press Leased Wire  
Paris, Nov. 21.—Albert Clavelle, at present minister of public works, is to be appointed president of the International Rhine Commission as soon as the treaty with Germany goes into effect, it is reported here. This step is taken, according to report, to obtain the fullest advantages arising from the special rights regarding the Rhine which were accorded France by the treaty. Mr. Clavelle has already worked out a most elaborate scheme which includes, in addition to an intensive development of export and import traffic, a series of huge water power plants at which huge turbines will generate electric energy which will be transmitted to Paris to carry on industrial work. It is estimated the capacity of plants here will be doubled almost without cost.

## SOCIALISTS SAY REVOLT IS SCARECROW

By Associated Press Leased Wire  
Paris, Thursday, Nov. 20.—Jean Longuet, leader of the extreme wing of the socialist party, denied today that this organization was planning drastic steps as a result of the recent French elections.  
"The socialist party does not intend to start a revolution," he said to The Associated Press. "The revolution was a scare-crow by which our adversaries tried to stampede voters. As a result of the new system followed in the elections they robbed us of a great many seats in the chamber of deputies but did not stampede the voters. We polled 1,700,000 votes, an increase of 600,000 over the number cast in 1914."

# CHARGE ATTEMPT TO POISON BABE AGAINST MOTHER

## Rochelle Couple in Ogle Co. Jail—Child Will Recover.

Mrs. Ethel Parker and Charles Burright of Rochelle, are charged by the state with attempting to poison the four-year-old daughter by mixing iodine with milk given to the child.  
A preliminary hearing was held in Judge Healy's court at Rochelle. The defendants were bound over to await action of the January grand jury. Geo. H. H. Parker, sheriff of Ogle county, took the pair into custody. They were committed to the Ogle county jail.  
Expect Baby to Live  
The baby was taken to Lincoln hospital at Rochelle. Reports from the hospital are that the child will survive. It was announced that the milk had a tendency to counteract the poison.  
Sheriff Banning said that a sister-in-law of Mrs. Parker made the complaint to the authorities. She is said to have found a nursing bottle of milk in the child's crib that appeared peculiar. It is charged by the authorities that there was iodine in the milk.  
Separated From Husband  
The authorities allege that Mrs. Parker is separated from her husband, and since their estrangement has spent considerable time in the company of her right.  
Mr. and Mrs. Parker were divorced about two years ago. Six months ago a reconciliation was effected and they were remarried.  
Sheriff Banning stated that Mrs. Parker declares Burright told her about mixing iodine with the baby's milk.

Duerber, delegate from the local organization.

# PRESIDENT PLANS TO DISCUSS TREATY IN CONGRESS MESSAGE

## Senators Hope to Reach Compromise Before They Re-Convene.

By Associated Press Leased Wire  
Washington, D. C., Nov. 21.—President Wilson will take up the whole subject of the treaty of Versailles in his message to congress December first, it was stated officially today at the White House. Until then he will have nothing to say concerning the senate's action in rejecting the treaty.  
Before congress convenes, it was said administration senators will confer and it is possible the mild reservationists on the republican side will participate with a view to working out an acceptable compromise on reservations.  
Regardless of who is selected to succeed the late Senator Martin as democratic leader in the senate, there will be no change in the leadership in the treaty fight, it was said. President Wilson considers that Senator Hitchcock, of Nebraska, has conducted the fight ably and sees no reason why he should not again lead the administration forces.

## DISCUSS EFFECT.

By Associated Press Leased Wire  
Washington, D. C., Nov. 21.—Discussion here today of the peace treaty concerned chiefly the probable effect it is possible the treaty by the senate would have on the commercial and financial business of the United States with Europe. Technically, as has been pointed out, the United States still is in a state of war with the Central Powers and it is feared that complications may arise which would tend to retard international commerce.

Supporters of ratification of the treaty have not given up hope of its ultimate adoption. At the regular December session of congress they plan to present to the senate a compromise proposal which they believe will be acceptable to both factions.

Republicans and democrats each have challenged the other to carry the issue. It is believed certain that the treaty will get into the political campaign of 1920. Leaders of both parties have disclaimed any desire to bring the treaty into the campaign.

# U. S. IN DEMAND MEXICO RELEASE PUEBLA CONSUL

By Associated Press Leased Wire  
Washington, Nov. 21.—Officials here today were watching Mexico for action on the note dispatched by the State Department to the Mexican government demanding the release of William O. Jenkins, United States consular agent at Puebla, who was rearrested on charges of being in a conspiracy with his bandit captors who forced him to pay \$150,000 gold for release.  
The note warned that further molestation of the consular agent would "seriously affect the relations between the United States and Mexico for which the government of Mexico must assume sole responsibility."

The note was sent immediately after official confirmation of Jenkins' rearrest had been received and said the United States government "was surprised and incensed" on learning of the consular agent's imprisonment, which was characterized as "absolutely arbitrary and unwarranted."

Jenkins was arrested early this month on the charge of collusion with bandits who took him from his home at Puebla on Oct. 19. He was released after remaining in the penitentiary two hours. On Tuesday he was rearrested.

# Baker Says Food is all the World Needs

By Associated Press Leased Wire  
Louisville, Ky., Nov. 21.—Americanization work in the United States, from the viewpoint of the north, south, east and west, and means of quieting industrial and social unrest and radicalism were discussed today at the convention of the National Consumers League.  
Secretary of War Newton D. Baker, president of the league, said radical ideas were the natural outcome of the great effort occasioned by the World War. "Throughout the world," he said, "people are feeling the inevitable effects of the recent struggle. Starved bodies produce unrest, so let us all have food and we shall have no uprisings and radicalism."  
Opening the convention last night, Mr. Baker urged ratification of the League of Nations and the League of Nations, which he considered a "wonderful work for all mankind" through which the "world will emerge from darkness to light."

# Democracy Needed in Industry Says Speaker

By Associated Press Leased Wire  
St. Louis, Mo., Nov. 21.—There can be no industrial peace until there is more democracy in industry, John Leitch, of New York, asserted in an address at the closing session of the convention of the American Mining Congress today.  
"Our industrial government has been too autocratic," Mr. Leitch said. "We seem to have been convinced that 'providence' in His wisdom had left in our hands the management of the common people."  
"I do not believe the management needs changing, but I am convinced the methods of management can be made less unpopular."

# SUGAR SHORTAGE ROUSES WILSON, PALMER TO ACT

By Associated Press Leased Wire  
Washington, Nov. 21.—In an effort to meet the situation resulting from the present acute shortage of sugar, President Wilson today revived the wartime power of the federal government over the market for sugar.  
At a proclamation, the president transferred to Attorney General Palmer the broad authority exercised by Food Administrator Hoover during the war. While it is Mr. Palmer's present intention to exercise this authority only so far as sugar is concerned, he is prepared to use it to meet any similar situation affecting other food supplies which might arise.

Among the first acts of the Department of Justice, it is understood will be the establishment of a price of 12 cents a pound wholesale for all sugar, except the Louisiana crop, the price of which already has been fixed at 17 cents. This increase of price was said to be necessary to prevent a famine during the early part of next year.

## Candy and Drinks.

Sharp curtailment of sugar consumption by candy and soft drink manufacturers also will be ordered as officials declare the present shortage is due in a measure to the increased consumption of candy and soft drinks which will be the enforcement of prohibition. Details as to this curtailment remain to be worked out.

While the margin between the wholesale and retail price of sugar has not yet been determined, officials are known to have tentatively considered 1.5 cents, making the retail price approximately 14 cents a pound. This, however, is subject to change, depending upon a variety of conditions.

# Carlisle, Spectacular Train Robber, Elusive

By Associated Press Leased Wire  
Cheyenne, Wyo., Nov. 21.—Posses searching for William L. Carlisle, the Wyoming train bandit, apparently have located him in the wild country around Medicine Bow and the Red Desert near Wamsutter. He was reported in Casper Wednesday night and again yesterday, but Casper officers have been unable to get him despite a thorough search of the city.  
There was no lessening of preparation by the Union Pacific railroad to prevent a repetition of the robbery of Tuesday night near Medicine Bow when Carlisle entered a tourist car on the Los Angeles Limited, relieved passengers of \$250 and escaped a shower of bullets from train guards and passengers. Guards are maintained on every train.

Railroad officials are confident that Carlisle will attempt another robbery. In 1915 he robbed one train on Feb. 5, another on March 1, and a third on March 10. He spent his time between robberies in Denver, whence he sent letters to newspapers describing his methods and defying the detectives. He was captured in April of that year after a four-hour fight on the Lincoln Pacific.

A love of spectacularism is said to be the main motive of the robber. He is noted for his consideration of women and aged persons. At the time of his capture in 1915, it developed that he could have broken into a posse from his hiding place if he had chosen.  
"I am not a killer," he told his captors.

# DIXON PLAYER IS BEATEN IN STATE TOURNEY

In the deciding game played at the Mussey billiard hall in Chicago Wednesday night Chalmers Woodyatt of this city was defeated for the state pocket billiard championship by Joseph Moriarty, a Chicagoan, who won six straight, 75 to 71, the victor's score of 600 straight games for a total of 600 bills. Woodyatt was second in the final standing with 585 bills.  
In the first game Wednesday night Woodyatt, who had won six straight, met with an unexpected reverse at the hands of Herman Brink of Lawrenceville. Up to that point the visitor had not won a game, but he upset Woodyatt 75 to 64, making it necessary for the champion to defeat Moriarty by 11 bills to win the title.

Woodyatt at one stage led 31 to 11, but Moriarty gradually made up his lead and they tied at 69. A safety shot by Woodyatt left Moriarty two combinations and he took a slight lead and in the tight finish won the game by four balls and the title by fifteen.

# COAL SHORTAGE PERIL TO U. S. FOOD SUPPLY, MANY FACTORIES QUIT

## Only Two Weeks' Supply to Keep Chicago Packers Going.

By Associated Press Leased Wire  
Chicago, Ill., Nov. 21.—The daily increasing coal shortage today had begun to menace additional industries and threaten slightly the nation's food supply, with the further prospect of a sweeping curtailment of passenger traffic within 24 hours.  
As the approximately 425,000 bituminous coal miners rounded out three weeks of idleness it became known, through a statement here by the regional coal committee, that the big Chicago packing plants "have about two weeks supply" of coal left, and that "when they have used this the committee will not be able to release any coal to them."

## Plants Shutting Down.

The immediate future of the steel industry today was causing concern, according to one Pennsylvania manufacturer, and in the Chicago district the Corn Products Co., at Argo, Ill., announced suspension, its other plant at Pekin, Ill., both having a capacity of 100,000 bushels of corn a day, already having been closed. The regional coal committee indicated it expected extensive shutdowns during the next ten days unless production on a large scale was resumed.  
Up To Cabinet.  
Walker D. Hines, federal director general of railroads, announced after his two-day conference here with the seven regional directors, it became known today, that he would lay the facts of the coal situation before the cabinet so that he might be relieved of any personal responsibility for curtailment of industry. Many of the federal railroad managers here said they expected sweeping reductions in the number of passenger trains within twenty-four hours.  
Action of the operators at Washington in offering the miners an increase of 15 cents a ton for coal mined and 20 per cent increase for day workers, while being regarded by the miners' leaders as of no consequence as a forward step in the negotiations, was looked upon by the coal authorities with optimism. More practical negotiation was expected to follow that concrete offer.

Governors of all states possessing bituminous mines today had telegrams from Gov. Harding of Iowa suggesting concerted action to take over the mines and grant the workers a substantial increase pending the result of the coal wage conference at Washington.

# By Associated Press Leased Wire

Des Moines, Ia., Nov. 21.—Gov. W. L. Harding, of Iowa, had received replies from the governors of seven bituminous coal producing states up to noon today to his suggestion yesterday that the states take concerted action in an effort to have bituminous coal digging resumed.

Not enough had replied for Governor Harding to say whether he would call a conference of governors, he declared at noon. States from which he had heard were Indiana, Illinois, Ohio, West Virginia, Kentucky, Tennessee and Pennsylvania.  
Gov. Lowden of Illinois said in his message:

"Not action becoming serious in this state. Still hope that authorities at Washington will effect settlement shortly. If not, will be glad to attend conference with governors of coal producing states to consider ways and means for resumption of production."

Gov. Roberts of Tennessee said: "Unless coal situation improves think necessary for some positive action to be taken looking to operating coal mines."  
Gov. Black of Kentucky said: "Miners of Kentucky gradually returning to work."

### E. R. B. CLASS MEETING—

The E. R. B. Class of St. Paul's Lutheran Sunday school held a very pleasant social meeting on Thursday evening at the home of Mr. and Mrs. Walter E. White. Twenty-one members and six guests were in attendance. The regular business session was followed by an interesting program, in which Rev. Mr. Sundberg, of Carthage College, gave an address on Sunday school and church work which the members found very helpful. A delightful reading was given by Mrs. Roy Raffenberg, who graciously responded to demands for an encore. The Misses Helen White and Albert Peterson delighted the company with a piano duet. Games and sociality occupied the remainder of the evening. Fruit salad and wafers, hot rolls and coffee composed the excellent collection served by Mrs. White and the other ladies of the committee, including Mrs. Leimbaugh, Mrs. Gonnemann, and Mrs. Mary Olson. The Christmas party of the class will be held at the church on December 16th.

### SPOKE ON TRAINING—

Miss Jordan, of Chicago, a representative of the Congregational Educational society, gave a very interesting talk, and highly instructive as well, before the members of the Congregational Educational society of this city and their guests, meeting on Wednesday afternoon in the Congregational church. Her talk was upon the work of the Congregational Educational society, with particular reference to the Schaeffer Training School for Women in their work among the aliens in this country. Everyone was delighted with her talk, and as the time for devotion service, the entire afternoon was given over to Miss Jordan's address.

### STUDIED ST. LAWRENCE R.—

With the study of the afternoon on the St. Lawrence river, the members of the Thursday Reading Circle spent a most interesting afternoon Thursday at the home of Mrs. A. P. Corbin. Mrs. Bishop gave a well written and delightful paper on the subject, and other articles were read by Mrs. Robert Anderson on the history and legends of the river, by Mrs. Clea Bunnell on the Thousands Islands, and Mrs. Shaver on a tributary to the St. Lawrence River, the Saguenay. Among the interesting things sketched in Mrs. Anderson's paper on the river's history was the story of the visit of Thomas Moore, the Irish poet, to the river and his subsequently composing the Canadian Boat Song, which Miss Myrtle Rice, who, with Miss Mary Hintz, furnished the music for the afternoon, sang at this point in the program. Miss Rice also sang, "Keep Your Face to the Sunshine" and played with Miss Hintz a piano duet, "A Merry Sleighing Party." Miss Hintz furnished the accompaniments for Miss Rice's numbers and also gave two piano selections, "Impromptu" and "Nocturne."

Delicious refreshments were served after the program. As this was a good day a number of guests were present, including Mrs. I. W. Lewis, Mrs. Amanda Clark, Mrs. May Glick, Mrs. L. W. Miller, Mrs. A. N. Richardson, and Mrs. Frank Hettinger.

### ENTERTAINED MISSIONARY—

Mrs. Hubert Bahren was hostess on Thursday evening of the St. Paul's Lutheran missionary society. Twenty-five were present at the meeting and excellent refreshments were served at noon. The program of the afternoon meeting opened with a song, "I Need Thee Every Hour," and with the devotional service in charge of the pastor. A delightful instrumental trio was given by Mrs. Bahren, Miss Wilhelm, and Mrs. Zimmerman, piano, violin, and cornet. Mrs. Sauer followed with prayer and Bible readings were given. "The Impersonation of the Thanksgiving Box," was given by several of the members. A report, interestingly given by Mrs. Zimmerman, was made on the Missionary Convention of the Northern Illinois Synod, held in Washington, Ill., recently. The pastor, Rev. S. A. Zimbeck, presented the matter of the importance of taking the church paper. A cornet solo by Mrs. Zimbeck, "The Cradle Song," and the Lord's Prayer closed the program.

Putnam performed the ceremony. The bride was attended by Miss Marie Maden, of this city, and Arthur Handell, also of Dixon, was best man. The bride, whose home is in DeKalb, has been a general favorite during the several years she has taught here in one of the primary rooms. # AMBOY ACTIVITIES

## 95 PER CENT OF LEE CO. FARMERS JOINED SOIL ASSOCIATIONS

The campaign for membership for the  
Lee County Soil Improvement associa-  
tion and the Illinois Agricultural associa-  
tion came to a close today, and from  
the incomplete returns at the office of  
County Advisor Griffith there is every  
indication that the drive was a big suc-  
cess from every standpoint. Mr. Grif-  
fith stated this morning that 95 per cent  
or better of the farmers of Lee county  
had been secured in the campaign  
which opened in this county on October  
27, and had become members of both  
organizations.

The incomplete figures show that the  
membership of both organizations in  
this county alone has reached the 1,500  
mark, much higher than was antici-  
pated at the outset. During the three  
weeks the campaign has been in pro-  
gress, Adviser Griffith and his assistant,  
D. E. Warren, have practically devoted  
their entire time to the work carrying  
organizers to every township in the  
county. From seven to ten organizers  
have been working in the county since  
the launching of the campaign.

## READY FOR CONCRETE WORK AT MILK PLANT

The Appleton Construction Co. of Ap-  
pleton, Wis., has a force of men at  
work on the new plant of the Amboy  
Milk Products Co., preparing for pour-  
ing the concrete. The forms have been  
placed and the machinery is on the  
ground for the work which will be  
started at an early date, the weather  
permitting. The present force of work-  
men, who have been building the forms  
and making ready for the concrete, is  
to be augmented with the arrival of  
about a half hundred more men from  
Wisconsin in a few days. The work  
will be pushed with all possible rapidity  
in order to have the plant ready for

operation early next spring. A side  
track has been built to the site of the  
new building, enabling the contractors  
to have the car loads of building mate-  
rials unloaded on the ground where they  
are to be used.

## AMBOY PERSONALS.

Attorney Miss Anna Jensen, of Dix-  
on, has been assisting for a few days

friends in Amboy.

Mr. and Mrs. Joseph Fanelli are the

terday. Both mother and son are doing

## BRAKEMAN SHOT FULL IN FACE; HE IS LUCKY

Brakeman Rice, while out on a hunt-  
ing expedition with a party of friends  
yesterday, received a discharge from a  
shotgun almost squarely in the face.  
The party were hunting along a hedge  
west of Amboy when a large flock of  
quail took wing. From what could be  
learned of the accident, probably all of  
the hunters shot into the covey of quail  
and one of the party shot directly at  
Mr. Rice.

Some of the small shot penetrated  
beneath the skin and two or three  
struck the eye ball, but the long range  
is accountable for the fact that his  
eyesight was not seriously damaged and  
that the small shot did not penetrate  
the eye ball. The accident put an end  
to the hunting expedition and all re-  
turned to Amboy, where upon examina-  
tion, it was found that Mr. Rice's in-  
juries were not of a serious nature.

## OLD-FASHIONED DANCE.

An old fashioned dancing party in  
which all of the later steps were pos-  
itively tabooed, was enjoyed by a large  
crowd at the opera house in Amboy last  
evening. Square dances, quadrilles and  
only the dances that were popular  
many years ago, were on the program.

Mr. and Mrs. E. S. Miller, who are  
here from California, spent Wednesday  
in Sterling with relatives.

# OREGON LEGION RESENTS STORY CONCERNING WAR

**Says Legion is Compos-  
ed of 100 Per Cent  
Americans.**

The Telegraph is in receipt of the following from the Oregon Post American Legion with a request that it be published:

Mississippi Post No. 97 of The American Legion, Oregon, Ill., being assembled in its regular semi-monthly meeting, Nov. 17, 1919, certain articles appearing in current issues of the Ogle County Republican, a weekly newspaper published at Oregon, Ill., were read by the commander and presented for consideration. They were discussed, characterized and condemned by the meeting, and the following motion entered:

"That a committee of three be appointed to declare in due form the sentiments here expressed, and make report."

The committee submitted as its report:

"THAT, the articles in question appeared in The Ogle County Republican, in the issues of October 30 and November 6, 1919, being in substance and effect:

"THAT, our Government was pulled into the World War by British propaganda, appealing, skillfully and deceitfully to our emotions, that the German propagandists based their appeals on law and reasons, that the commercialized newspapers of the United States purposely deceived their readers in regard to the real conditions in Europe, that we were frightened into the war by the bugaboo of a German invasion of the United States, that America helped the 'degenerate French nation' to appease its vengeance on the German Empire, that the cost and sacrifices of this war are not justified."

It was further submitted by the committee:

"THAT, the AMERICAN LEGION is composed of men who served in the American Army in the World War, that that service was for a principle, that that principle has not been repudiated, and that that service is not regretted; that The American Legion is founded upon a 100% Americanism and loyalty to the Government of the United States; that The American Legion takes exception to and condemns the publication of such articles by the Ogle County Republican, or by any other newspaper as in itself insidious propaganda, un-American, anti-American, tending to subvert the patriotism of the community, and minimize the service of the American soldiers."

Edmund A. Hastings,  
Harlan G. Kaufman,  
Robert D. Etnyre,  
Committee.

This report was approved unanimously by the Post with instructions to the Adjutant to mail a copy for publication to each newspaper in Ogle county, to each Post in Ogle county, and to The American Legion Weekly.

## Grocer Up Against It

"I have been up against it for past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of May's Wonderful Remedy through a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. At all druggists, everywhere.

## "Y" PLANS EXPANSION.

By Associated Press Leased Wire. Detroit, Mich., Nov. 20.—The most extensive program of expansion ever outlined for the Young Men's Christian Association was placed before the international convention today by the special commission on occupation of the field.

The establishment of associations in 250 industrial centers, 30 railroad terminal points, in colleges and universities and among negroes in the larger cities are among the recommendations.

## LOVEJOY IS DEAD.

By Associated Press Leased Wire. Rockford, Ill., Nov. 20.—Andrew J. Lovejoy, of international fame as

Dr. Carter's K. & B. Tea  
Great Tonic Laxative

Purely Vegetable—Make It Yourself at Trifling Cost.

Keeping yourself fit and fine, bowels regular, liver active and stomach sturdy is a simple matter.

Just get a package of Dr. Carter's K. & B. Tea and brew a steaming cup every other night for a few days.

You'll feel better, that's a sure thing. Your skin will grow clearer, your eyes brighter and you'll feel more energetic and emboldened.

Everyone in the family can take it, including the children, because it acts gently and is merely vegetable. It's much better than salts and harsh cathartics.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

SHAVING BRUSHES  
ARE DANGEROUS

Bulletin of New York City Department of Health Cites Several Cases of Fatal Infection.

Anthrax Carried In  
Bristles

It has been found that germs of anthrax are often carried to men, through the bristles of shaving brushes. Many instances of infection have been brought to the attention of the authorities, and these have been traced directly to the brushes used by the victims in shaving. In several cases where the first indication was in the form of a pimple or scratch on the face, traces of anthrax have been found and the patients have afterward died of the disease. Great care should be exercised in this direction.

The safe way is to use a beard softener that needs no brush, no lather, no rubbing. Such a preparation can be found in Barbosol, which nearly every drugstore sells, and which will eliminate all risk of infection.

## WHAT OXYGEN DOES

## FOR THE LIVING BODY

Without it—there could be no living body—since without oxygen there cannot be any life.

Oxygen acts on the blood, and by constantly clearing and revitalizing it, converts the blood into a vigilant guardian against the insidious attacks of disease. It assists every natural force in the body. It makes it possible for the blood to build up what the stress of daily activity, overwork, overexcitement, and overtaxing of the body—tears down. Waste products are cast out—new cells grow—the hollow cheeks fill out and take on the ruddy glow of health. The spring comes back to the step, the whole body tingles with health and vitality, while the brain is cleared to meet the battle with the problems of life.

If the supply of oxygen is not sufficient—the engine runs down—vital forces wane—the fire goes out—and the whole machinery of the body stops. But when the blood is vitalized with oxygen—the complicated structure of the cells of the body liberated—that drives the human engine. REOLO, the wonderful discovery of Dr. A. L. Reusing, makes rich blood vit-

alized with oxygen, iron and the cell salts that the blood requires to maintain health and vigor. It stimulates the appetite, aids digestion, tones up the heart and nervous system, rapidly increases the red blood cells and sends through the entire body a stream of vitalized health-restoring blood, that nourishes every cell of the tissues, blood nerves, brain and bones.

Healthy blood makes the whole body healthy. The cheeks glow, the eyes sparkle the step becomes light and elastic and the whole body thrills with the vigor and vitality of perfect health.

If you are not feeling well—try REOLO. It is not expensive. Each package contains 100 pleasant, tasteless tablets, enough for two weeks' treatment and it only costs one dollar.

REOLO is sold under the Positive Guarantee that if it does not give absolute satisfaction, your money will be returned. REOLO is sold in Dixon by Sterling & Sterling, Licensed Distributor for the Dr. A. L. Reusing Laboratories, Akron, Ohio.

## AMUSEMENTS

## ANOTHER GOOD SHOW

FOR TOMORROW NIGHT  
The Cedar Rapids Gazette of Nov. 15 has the following to say of Business Before Pleasure, which plays here tomorrow night:

Mawruss and Abe, picture magnates, are a trifle more entertaining than they were as cloak and suit magnates and the audience at Greene's last night received a great deal of enjoyment from the comedy, "Business Before Pleasure." Montague Glass has built an extremely funny comedy around his celebrated characters whom he has placed in the moving picture field anxious to produce a world buster but not knowing just how to go about it. They finally succeed after the "vamp" comes to

their rescue and lends them the money after the bank is about to close in on them.

Bud Schaffer is Abe Potash and Fred Fleck, Jr., Mawruss Perlmutter and they are just as good as the men who originated the roles. Schaffer in particular has the Yiddish mannerism and dialect down pat and he kept the audience in good humor all evening. His acting is a character study and the work of the artist is stamped on it. Just as much may be said in praise of Mr. Fleck. Cecil Elliott as Litta Siemond was a typical movie vamp. She looked the part she acted and she acted it with ease and grace. She out-Thedaeda Theda in several scenes and gave much pleasure by her conception of how movie queens should play heroines.

## FIGHT IN MILWAUKEE

## GERMAN LEADER DIES

By Associated Press Leased Wire. Berlin, Nov. 20.—Adolf Groeber, chairman of the center party, was stricken with paralysis while talking with a friend here yesterday and died soon after.

Something Good and  
Something Cheap

It is almost unbelievable, but it is nevertheless true. It is also the same article that is both good and cheap.

Ocean Whiting, similar to the Herring or commonly called "family white fish." Head off, split down the back, all meat, no waste—

Fish weighing about half pound, per fish.....5c or in quantity, by the pound, for.....10c

The cheapest meat you have heard about, much less had the opportunity to buy. These are fresh goods, just received and the first time offered for sale in Dixon.

The Sugar situation looks worse now than any time yet. The people who have the Sugar have struck for a higher price and to avoid any complications with the government stated prices are withholding it from the market. When peace is formally declared, the government prices will be void and Sugar is then expected to be plentiful but at what price—one guess is as good as another. Meanwhile, we will sell what little Sugar trickles into the market and then Maple Syrup, Sugar Syrup, Corn Syrup, Sorghum and New Orleans Molasses.

Proves Yellow Mustard Conquers  
Pain and Frees the World of Much  
Sickness, Misery and Distress

Nineteen years ago chemist Begy discovered Mustarine. He made it with real, honest, yellow mustard. To which other pain relieving ingredients were added. He said to the medical profession:

"Here is something twice as effective as your old-fashioned, mussy, blistering mustard plaster."

"It's full of concentrated heat and heat eases pain."

"It won't blister—it can't blister."

"And one box will do the work of 50 mustard plasters."

The doctors tried it—were astonished—almost amazed. It stopped pains, aches and soreness quicker than anything they had ever seen.

They prescribed it for sprains and strains, for lumbago and gout. They found it invaluable to quickly reduce inflammation and remove congestion.

They urged its use in Tonsillitis, Bronchitis, Pleurisy, Sore Throat and Chest Colds and found it wonderful.

They grew enthusiastic—Mustarine was great.

They tried it for rheumatism to limber up stiff joints and muscles and it didn't disappoint.

If you haven't tried Begy's Mustarine get a small box at your druggist's today—it costs but little, the results are marvelous—but be sure it's Begy's—the quickest pain killer on earth—always in the yellow box, 30 and 60 cents.

## W. C. T. U. Fears U. S. Brewers Invade China

By Associated Press Leased Wire  
St. Louis, Mo., Nov. 20.—An exodus of brewers to China will undo the accomplishments of prohibitionists there. Dr. Mary Stone today told the convention of the National Woman's Christian Temperance Union here.

Mrs. Stone whose Chinese name is Shi Ma Lei is national president of the W. C. T. U. in China.

"It is a crucial time in our prohibition campaign," she asserted, "and we need the help of prohibition forces the world over. Just when we're beginning to suppress our people with the evils of liquor it is said American brewers are going to invade our country. They must not."

After 50 delegates to the International W. C. T. U. convention in London next April has been chosen, it was announced that more names would be added to the list as fast as those willing to defray their own expenses were secured. The Victory convention ends tonight.

PROTECT MOTHERHOOD.  
By Associated Press Leased Wire  
Washington, D. C., Nov. 20.—Night work for women was before the International Labor Congress for discussion today but it was not desired to suggest such regulation as would deprive women from work they might elect. The chief consideration has been to prevent women from doing work, or at a time, that might interfere with motherhood.

NEGLECTING THAT  
COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, gripe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c and \$1.20 a bottle at all druggists. Give it a trial.

Constipated? Here's Relief

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of stubborn bowels so pronounced in Dr. King's New Life Pills.

Tonic in action, they promote free bile flow, stir up the lazy, thoroughly but gently cleanse the system of waste matter and fermenting foods, and give you keen zest for hard work and healthful recreation. All druggists—25c.

DON'T SUFFER  
WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

MUSTEROLE

Bad Sickness  
Caused by  
Acid-Stomach

If people only realized the health-destroying power of an acid stomach—of the many kinds of sickness and misery it causes—the lives of literally millions of people would be saved. It is as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid stomach—bills of indigestion, distressing, painful bloating, sour, gassy stomach, belching, food repeating, heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rest. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even cancer of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it is an acid stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloating, belching and heartburn that indicate acid stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvellously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory, return it and he will refund your money.

## Corn Goes Down on Account of Coal

By Associated Press Leased Wire  
Chicago, Nov. 21.—Weakness resulted in the corn market today from the shutting down of various manufacturing plants that are large consumers of corn. The shutdown in each case was due to coal shortage. Strength in sterling exchange tended, however, to offset some of the bearish influence of the industrial situation. Opening prices, which ranged from 1/2 to 1 1/2 c lower, with December 1.31 1/2, to 1.32 1/2 and May 1.25 1/2 to 1.25 1/2, were followed by a moderate rally.

Oats were weak with corn. After opening unchanged to 1/2 c lower, including May at 75 1/4 to 75 1/2 to 75 1/2, the market rallied a trifle.  
Lower quotations on hog pulled down provisions. Absence of demand was very evident.  
The fact that receipts here were in excess of immediate demands led subsequently to fresh weakness. The close was heavy, 1/2 to 1/2 c net lower, with Dec. 1.31 1/2 to 1.31 1/2 and May 1.24 1/2 to 1.24 1/2.  
Later the market became firmer owing more or less to statements by the British food minister that the world supply of meats was not sufficient for European requirements.

## Famous Mexican Being Tried for Banditry

By Associated Press Leased Wire  
El Paso, Tex., Nov. 21.—General Felipe Angeles, intellectual leader of the Villista movement, famous among military men of the world as an artillery expert, is scheduled to be tried by court martial in Chihuahua City, Mex., today. The trial is considered by Mexican authorities as the most important held in that country during a decade of revolution and banditry.

**Invented French.**  
Angeles, reputed inventor of the French 75 millimetre gun, was captured by Gen. Gabino Olive, a Carranza leader, at Valle Oliva, Chihuahua. Reports in circulation along the border today were to the effect Gen. Angeles would be accused of rebellion against his government, and that the death penalty would be sought. Many Carranza officials were said to favor this disposition of the case as a warning to all rebel chieftains.  
Gen. Angeles lived in El Paso while an exile from Mexico. He was equally well known in Washington, D. C., and New York City. Among American army officials he was held in high regard as a patriot and soldier. His family now is in New York where Mrs. Angeles, because of illness, was not informed of her husband's capture.

## SERVED U. S. FLAG

By Associated Press Leased Wire  
Washington, Nov. 21.—Many officials and private citizens of Washington and other cities have sent cablegrams to friends in Mexico urging them to persuade President Carranza to save the life of Gen. Felipe Angeles, who is reported to be on trial by court martial today at Chihuahua City. The messages pointed out that Angeles served the allies with distinction during the European war as inspector of munitions for France in this country.
